Portal TI ®

Intelligent, automated customer service system

- Sophisticated, award-winning design

- Multiple branding opportunities

- Convenient, user-friendly customer interactions

- Large, color graphics display

- Multiple payment options

- Change in bills, coins, or both

- Loyalty programs, specials, wash detail videos & post-sale advertisements

- Remote manager capabilities give ultimate flexibility and control

- Supports credit card processing through a dial-up or Internet connection

With its sophisticated design, versatile marketing opportunities, expanded reporting and the most complete menu of payment options in the industry, the Portal TI is truly revolutionary technology.

The Portal TI offers a variety of seamless payment solutions that can be scaled to meet your business needs. Remote access, comprehensive reporting and advanced security features let the owner manage the site, cut costs, save time and make more money. Increase revenue through multiple advertising opportunities, loyalty programs and cross merchandising. The Portal's simple, no-hassle approach maximizes customer flexibility and convenience while offering unique branding opportunities. The POS interface allows carwash codes to be sold at the C-Store POS register or gas pumps for redemption at the Portal TI.

The Portal TI is the smart choice for either a self-serve/investor or a petroleum/C-Store site. Best of all, this fully featured, high-tech system is compatible with rollover, tunnel and combo washes.
